ANNOUNCE ENTRANCE REQUIREMENTS TO TECHNICAL SCHOOLS

MACHINE TOOL FACTORY TO ENROLL STUDENTS -- Zagreb, Narodni List, 20 Jun 51

During the 1951 - 1952 school year, the Industrial School of the "Prvomajaska" Machine Tool Factory in Zagreb will admit a specific number of youths into the beginning grade to study machine fitting, lathe operation, toolmaking, and the foundry trades.

Candidates must have passed a less advanced vocational examination, with preference being given to those who have been outstanding or very good in mathematics and physics. Except for the foundry trades, candidates will also be accepted who have completed six grades of a 7-year school or a "oro-duzna" trade school.

Candidates must be at least 14 and no more than 17 years old.

Candidates must submit an application with a 10-dinar tax stamp attached. They must also submit a complete report personal history, certificate from the last school attended, birth certificate, medical certificate stating they are physically fit for the trade concerned, and statement of financial standing of parents or guardian from the commission for finance of the srez or city people's council, if they desire to live in the student center. Candidates must submit a written pledge from their parents or guardian that they will be responsible for maintenance expenses fixed by the student center, and that they will assume all expenses incurred if schooling is interrupted because of candidate's fault. This pledge must be certified by the people's authorities. Candidates must also submit a written pledge that they will work in the enterprise to which they are assigned by the "Prvomajaska" Machine Tool Factory or the General Directorate of Machine Construction of Croatia, for as many years as they have spent in the industrial school.

Courses last for 3 years.

The school has its own center in which students may live, but to do so they must submit a separate application with a 10-dinar tax stamp attached. If they are wards of the people's councils, they will receive free quarters, food,

and complete maintenance in the center. Others will pay for food and maintenance depending on the financial standing of their parents or guardian. Each student must bring one suit of clothes, one winter coat, three pairs of underwear, three pairs of socks, two towels, one pair of shoes, three handkerchiefs, and materials for cleaning clothing and footwear.

Regular registration in the industrial school is from 1 to 5 July, and from 25 to 31 August 1951. Each candidate will receive a written notice for registration, or his application will be returned if he does not meet admission requirements.

Applications should be submitted by 30 June 1951 at the latest.

PETROLEUM REFINERY TO ACCEPT CANDIDATES -- Zagreb, Narodni List, 20 Jun 51

The Workers' Technical Institute in the Petroleum Refinery in Rijeka will admit candidates from all republics in Yugoslavia. Schooling is free and courses last 4 years. Students are instructed in the mechanics and chemistry of petroleum refining. After passing an examination for a diploma, graduates are termed technicians in petroleum processing.

Students work 4 hours a day in the petroleum refinery in Rijeka and are paid for this according to the work; they receive an allowance for the 4 hours spent in courses. After completing the 4-year course, students are obligated to work for 8 years in petroleum-processing enterprises to which they are assigned.

A candidate must be a skilled metal or chemical worker who has worked at skilled labor for at least one year, must have been exemplary in his work, must have completed the work in an industrial or other school of lesser rank; must be a Yugoslav citizen, and must be physically and mentally sound.

Preference will be given to candidates who have completed their military conscription period, shockworkers and superior workers, petroleum drillers, distillers, and refiners.

Candidates must submit an application in their own handwriting with a 10-dinar tax stamp attached, proof of their technical training, birth certificate, proof of citizenship, medical certificate, proof of military service, references from the organization for which they are working, and recommendation from the administrative council of their trade union containing an evaluation of their skill and aptitude.

Applications will be accepted until 30 June 1951.

Candidates selected will be notified to take an examination in mathematics and the Serbo-Croatian language.

STATE RR TO ADMIT STUDENTS TO ITS TRADE SCHOOL -- Zagreb, Narodni List, 20 Jun 51

During the 1951 - 1952 school year a specific number of students will be admitted to the locomotive repair shop of the Yugoslav State Railroad in Rijeka. Priority will be given to training for fitters, lathe operators, and blacksmiths. Courses last 3 years.

Preference will be given to underprivileged students, who will live in the boarding school without charge. Applications must state whether the candidate desires admission to the student boarding school and which trade he desires to study.

50X1-HUM

Candidates must have completed a seven-grade school or the equivalent, be at least 14 and no more than 17 years old, be healthy (to be determined by a medical examination in Rijeka), have an aptitude for railroad service, and must have a preference for the trade chosen.

Applications must have a birth certificate attached, school transcript, statement of financial standing, a pledge from parents or guardian to repay the school for expenses incurred if the student leaves school of his own volition, and a pledge from the student that he will work for the railroad for a period equal to the time spent in training. These pledges will be certified by the municipal people's council.

Applications must have a 10-dinar stamp attached, and must be forwarded by 1 August 1951.

Applications should contain the candidate's correct address and nearest railroad station, so that he can be sent a free railroad ticket.

Candidates whose applications are considered satisfactory will be called to school during the last half of August to take entrance examinations in the Croatian language and mathematics.

SHIPBUILDING INDUSTRY SCHOOL TO TAKE STUDENTS -- Split, Slobodna Dalmacija,
20 Jun 51

During the school year 1951 - 1952 the Shipbuilding Industry School of the "Vicko Krstulovic" Enterprise in Split will admit a specific number of students to study shipbuilding trades. The courses begin 1 September and last 3 years.

Candidates will be accepted for the shipbuilding, metalworking, and electrical trades. Shipbuilding trades include ship blacksmiths, draftsmen, pipe fitters, boiler tube fitters, and ship assemblers. Metalworking trades include mechanics, blacksmiths, lathe operators, locksmiths, founders, engine specialists, and coppersmiths. Electrical trades include ship's electricians.

Candidates must have passed a vocational? examination and completed seven grades of a 7-year school or the equivalent, or at least six grades of a 7-year school. The latter will have to take an entrance examination in Serbo-Croatian and mathematics.

Candidates must be Yugoslav citizens, at least 14 years old in 1951, but no older than 17, and physically and mentally well.

Each candidate must present an application with a 10-dinar tax stamp affixed, and an additional 30 dinars' worth of tax stamps for processing the application. He must present a letter from his parents, a birth certificate, medical certificate attesting that he is physically and mentally well, certification that he has completed the educational requirements, and a statement from his parents that he will remain to work for the "Vicko Krstulovic" Enterprise for 5 years after learning his trade.

Each candidate will be sent for a medical examination.

Applications will be acted on by 15 August.
